Sonoma County's
Gay Playground

ONLY 69 MILES NORTH
OF SAN FRANCISCO

Sonoma County's Gay Playground

The Russian River is the West Coast's favorite LGBT playground. Situated in the heart of Western Sonoma County, this string of offbeat river villages attracts thousands of LGBT visitors every year for a wide range of activities and fun.

Enjoy new experiences every time you visit. Gorgeous dry, sunny days dominate May - September, perfect for sunning by a pool with your friends or canoeing down the River. You can go biking, hiking and wine-tasting during the day, and every evening there is something happening at the bars & clubs.

Or you can decide to do nothing at all and relax after dinner to the sound of the wind in the redwoods.

Boasting over 250 of the world's most award-winning wineries, 76 miles of scenic coastline, pristine beaches, the mystical Russian River and majestic redwoods, Sonoma County is uniquely experienced with the Russian River as your home base.

The River offers all types of gay and gay-friendly accommodations from resorts and inns to camping under a canopy of brilliant stars. Local restaurants range from simple taquerias and burger joints to four star restaurants.

Guerneville is the focus of the area's gay nightlife - one of the few resort towns in the country where you can proudly walk down Main Street day or night.

Whether visiting for a weekend, a week or longer, you won't find any other getaway that matches the Russian River's unique and spectacular natural beauty, combined with friendly businesses and residents who genuinely appreciate diversity.

Come out to the River and see why so many people return year after year.
